# Uptick in quality of govt's spend to continue in FY24

**PRASANTA SAHU**  
New Delhi, January 18

**THE TRANSPARENCY OF** the Union Budget has vastly improved in the last three years due to the finance ministry's effort to bring most of the off-budget liabilities into the balance sheet, step up capital expenditure and reduce floating funds with implementing agencies of various central schemes.

Even though the exercise increased the revenue expenditure-to-GDP ratio in FY21, the improvement in the quality of expenditure is visible thereafter with capital expenditure-to-GDP ratio steadily rising to 2.9% of GDP in FY23 (BE) from 1.7% in FY20. Capex would likely be around 2.9% in FY24 as well, even as revenue expenditure to GDP ratio may see a decline.

Revenue expenditure, which rose sharply from 11.7% of GDP in FY20 to 15.6% in FY21, moderated to 13.5% in FY22 and is seen around 12.8% in FY23 (against the Budget target of 12.4%), due to higher expenditure on food and fertiliser subsidies. The Centre, which had off-budget liabilities of close to ₹4 trillion by end-FY20, has brought about ₹3.7 trillion (93%) of those into the balance sheet by FY22. The remaining off-budget liabilities would likely be cleared soon, subject to investors in such bonds coming on board as they had invested in such papers issued by entities like Nabard and Hudco for good annual returns.

The Comptroller and Auditor General (CAG) of India and the 15th Finance Commission (previous commissions as well) had red-flagged the off-budget funding of welfare schemes through public sector entities and had urged the Centre to come clean on these.

Finance minister Nirmala Sitharaman and finance secre-

## Inspection of one stretch of Pune Metro in February

**GEETA NAIR**  
Pune, January 18

**MAHARASHTRA METRO**  
**RAIL Corporation**

(MahaMetro) on Wednesday said inspection of one stretch of the Pune Metro by the Commissioner of Metro Railway Safety (CMRS) will begin in February and approvals are expected by March. The CMRS authorisation is necessary for commencing commercial operations of the Pune Metro Rail.

The CMRS inspection will be for the section from Vanaz to Civil Court and from Civil Court to Pimpri Chinchwad Municipal Corporation. Brijesh Dixit, managing director, MahaMetro, said they were hopeful of getting the clearances by end of March. Work on the critical interchange metro station where the two corridors of Pune Metro meet is nearing completion, with 95% of the structural work done and work on fit-outs going on, Dixit said.

The Pune Metro has two routes – PCMC to Swargate (17 km) and Vanaz to Ramwadi (16 km), while the third line is being built by the Pune Metropolitan Region Development Authority and the Tata-Siemens consortium. The lines intersect at Civil Court Metro station. It has an underground station on the PCMC to Swargate route and an elevated station on the Vanaz to Ramwadi route. The underground station is connected to the elevated station by escalators and lifts. The depth of the station is 33.1 metre (108.59 ft), making it the deepest metro station in India.

## GREATER FISCAL TRANSPARENCY & QUALITY

tary TV Somanathan finally bit the bullet by virtually wiping out the entire ₹2.5-trillion arrears of food subsidies by taking over the National Small Savings Fund loans to the Food Corporation of India in FY21. The Centre managed this with a resultant spike in fiscal deficit to a record high of 9.2% of GDP in FY21, by taking the benefit of greater tolerance for high fiscal deficit globally after the Covid outbreak. The government cleared food and fertiliser subsidies arrears worth ₹3.15 trillion in FY21 alone.

"These (removal of off-budget liabilities, capex increase and cutting float of funds in schemes) have been laudable measures in the last three years to make the fiscal numbers more reliable, transparent and trackable," NR Bhanumurthy, vice-chancellor of Bengaluru's BASE University and a noted

economist, said.

Overall, the share of expenditure on subsidies in revenue expenditure showed a decreasing trend till FY19 and an increasing trend from FY20. However, during FY21, the share of subsidies as a percentage of revenue expenditure increased substantially from 10.03% in FY20 to 22.77% in FY21 due to significant increases in subsidies. The share of subsidies in revenue expenditure moderated to around 14% in FY22, but will likely rise to around 16% in FY23 as the commodity shock required extra spending of around ₹2.3-2.6 trillion on food and fertiliser subsidies. The outgo on subsidies may decline to around 12% in FY24 due to the softening of global commodity prices, which would reduce the outgo on fertiliser subsidies.

## Working on \$37-bn India projects: US trade agency

FE BUREAU  
New Delhi, January 18

**THE USTR** and Development Agency (USTDA) is engaged in about 200 activi-

ties in India and its portfolio has the potential to unlock \$37 billion in financing in sectors including clean energy, digital connectivity and infrastructure, a senior

official told reporters in New Delhi.

The USTDA is also very much interested in exploring collaboration with India in the latter's ambitious plan to

set up green hydrogen projects, said its director Enoch T Ebong, who is on a visit to India.

The agency on Wednesday partnered eight states under

its Interstate Clean Energy Procurement Programme. These are Gujarat, Haryana, Karnataka, Kerala, Punjab, Tamil Nadu, West Bengal and Maharashtra.

**Kirloskar Pneumatic Company Limited**

A Kirloskar Group Company

Registered Office:

Hadapsar Industrial Estate, Pune - 411013

CIN: L29120PN1974PLC110307

**NOTICE**

This Notice is published pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules") and amendments thereof.

The Rules, *inter alia*, contain provisions for transfer of all shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years in the name of Investor Education and Protection Fund Authority Account ("IEPF Authority").

Complying with the requirements as set out in the rules, Kirloskar Pneumatic Company Limited (Company/KPCL) has communicated to the concerned shareholder(s) [who have not claimed their dividend for a period of seven consecutive years from the Financial Year 2015-16 in respect of: 1) Interim Dividend 2015-16 (KPCL); 2) Interim Dividend 2015-16 (PHL\*)] individually whose shares are liable to be transferred to the IEPF Authority under the said Rules for taking appropriate action. The complete details of the concerned shareholders whose dividends are unclaimed for seven consecutive years and whose shares are due for transfer to IEPF Authority are being uploaded on the Company's website "[www.kirloskarpneumatic.com](http://www.kirloskarpneumatic.com)" under "Investors Section".

Notice is given to all such shareholders to make an application to the Company / Registrar with a request duly signed by all holders with proper identification proofs for claiming the unclaimed dividend, so that the shares are not transferred to the IEPF Authority. It may please be noted that if no reply is received by the Company / Registrar i) till April 18, 2023 in respect of Interim Dividend (KPCL); and ii) till May 5, 2023 in respect of Interim Dividend (PHL\*), the Company will be compelled to transfer the shares to the IEPF Authority without any further notice as per the procedure set out in the said Rules. No claim shall lie against the Company in respect of unclaimed dividend amount(s) and shares transferred to IEPF pursuant to the said Rules.

The shareholders may note that in the event of transfer of shares and the unclaimed dividends to IEPF, concerned shareholder(s) are entitled to claim the same from IEPF by submitting an online application in the prescribed Form IEPF-5 available on the website [www.iepf.gov.in](http://www.iepf.gov.in) and sending a physical copy of the same, duly signed to the company at its registered office along with requisite documents enumerated in Form IEPF-5 within prescribed time.

For further information / clarification / assistance, concerned shareholders may reach out to the Registrar and Share Transfer Agent of the Company and / or the Company at below mentioned address:

# Suspend USOF till current funds used up: COAI to govt

### KEY DEMANDS

- **Utilise ₹64,774 cr** lying in USOF fund
- **Reduce licence fee** from 3% to 1%
- **Lower customs duty on telecom equipment** as 85% of gear is imported
- **Clarify that revenue from activities that don't require a licence** shouldn't be part of gross revenue

### WHAT IS USO FUND?

USOF is used to boost mobile and broadband connectivity in rural and remote areas, especially in those affected by left-wing extremism and in the Northeast

**SUBHAYAN CHAKRABORTY**  
New Delhi, 18 January

In its strongest representation, the Cellular Operators Association of India (COAI) has called for suspension of universal service obligation payments by telecom firms (telcos) until existing funds are exhausted.

The COAI said on Wednesday that it has sought a reformative tax regime for the sector. This is as part of its Budget recommendations to the finance ministry. The three private telecom service providers (TSPs) — Reliance Jio, Bharti Airtel, and Vodafone Idea — are members of the COAI.

The government imposes universal access levy on TSPs to the tune of 5 per cent of their annual adjusted gross revenues (AGRs).

This goes into the telecom department's Universal Service Obligation Fund (USOF), which had an unused surplus of ₹64,774 crore as of October 30, 2022, official data shows.

The USOF is used to boost mobile and broadband connectivity in rural and remote areas, especially those affected by Left-wing extremism and in the Northeast.

Another key Budget demand of COAI is reduction of licence fees from the current 3 per cent to 1 per cent. The industry body has also

argued against the current definition of gross revenue (GR). The term telecom activity is currently not defined but may include revenue from activities believed to be incidental to telecom activity.

"It is requested that the definition of GR should make it abundantly clear that the revenue from activities, for which no licence is required, should not be a part of GR," COAI said in the recommendations.

**Customs, GST demands**

COAI also called for lowering the Customs duty on telecom equip-

ment. It said the cost effectiveness of telcos is taking a hit at a time of major investments into 5G.

Around 85 per cent of telecom equipment in India is imported due to lack of domestic availability.

Basic Customs duty of 20 per cent is levied on import of most telecom equipment like optical transport equipment and networks, IP Radios and LTE products, among others.

COAI has also requested better classification of the various terminologies being used in tariff/exemption notifications.

It argued that ineffective classification leads to field officers not allowing import of equipment.

The resultant interpretational issues with the Customs department have led to litigation, it said.

Case in point, the Centre had issued clarification to the field units saying that no duty will be applicable on cable laying vessels beyond the territorial waters of India. "However, payment of duty on vessels and cable, beyond territorial waters and up to exclusive economic zones are still being insisted on by the Customs units," COAI said. On goods and services tax (GST) issues, COAI has requested a centralised registration process and assessment, along with an audit procedure for large taxpayer units with turnover of over ₹500 crore.

## 'Vi won't be able to pay \$5-bn govt dues'

**ANEESH PHADNIS**  
Mumbai, 18 January

Vodafone Idea's (Vi) deepening financial crisis is likely to accelerate market share loss, and the firm would be unable to meet its annual \$5-billion spectrum and adjusted gross revenue (AGR) payable to the government from FY26, brokerage CLSA said in a report on Wednesday.

While Vi is losing customers every month, it has been unable to raise funds. The firm's capex was 80 per cent lower than rival Airtel in the past nine months. The planned conversion of interest into government equity hasn't materialised yet.

In its report, CLSA has said that Vi's market share loss was set to widen due to low capex and lack of 5G roll-out over funding delays. "Despite a four-year interest moratorium, Vi's financial crisis is deepening and government conversion to equity is pending. Moreover, we estimate that Vi will be unable to meet around \$5 billion in annual payments from FY26 (3.5x current cash flows)," CLSA said in its report.

Vi didn't respond to CLSA observations.

In September 2021, the government had announced a telecom reforms package. Telecoms were provided a four-year moratorium on payment of AGR and spectrum dues.

### THE EIGHTEENTH NANI A. PALKHIVALA MEMORIAL LECTURE

**Hon'ble Dr. Justice D. Y. Chandrachud**, Chief Justice of India will deliver the Eighteenth Nani A. Palkhivala Memorial Lecture on **"Traditions and Transitions: Palkhivala's Legacy in an Interconnected World"** at 11.00 a.m. on Saturday, 21<sup>st</sup> January 2023, at the Tata Theatre, NCPA, Nariman Point, Mumbai 400021.

The lecture will be preceded by the presentation of the Nani Palkhivala Civil Liberties Award to Mr. Julio Ribeiro and the release of a book **"Nani A. Palkhivala - Early Writings (1937 - 1947)"** edited by Mrs. Rashmi Palkhivala.

**Mr. Y. H. Malegam**, Chairman, will preside. **Mr. Homi P. Ranina**, Trustee, will propose the vote of thanks.

*The program is organised in association with:*
